

# Memorandum

**Date:** December 4, 2007

**To:** Honorable Chairman Bruno A. Barreiro  
and Members, Board of County Commissioners

Agenda Item No. 3(O)(10)(A)

**From:** George M. Burgess  
County Manager

**Subject:** Resolution Authorizing Application of Grant Funds for Improved and Expanded  
Pre-Hospital Emergency Medical Services System

## **Recommendation**

It is recommended that the Board approve the attached resolution authorizing the County Mayor to apply for, receive and expend new Emergency Medical Services (EMS) Grant funds from the State estimated at \$356,021 for fiscal year 2007-08. The state deadline for this grant application is January 4, 2008. If approved, the new funds will be distributed by Miami-Dade Fire Rescue (MDFR) as follows:

Miami-Dade County Fire Rescue Department	\$200,823
City of Miami Fire Rescue Department	\$95,742
City of Miami Beach Fire Rescue Department	\$16,677
City of Hialeah Fire Rescue Department	\$35,751
City of Coral Gables Fire Rescue Department	\$5,834
Village of Key Biscayne Fire Rescue Department	\$1,194
Total	\$356,021

## **Scope**

Each year the Florida Department of Health, Office of Emergency Medical Services distributes Grant Funds as authorized by Florida Statutes Chapter 401. These funds are made available to eligible county governments to improve and expand their pre-hospital emergency medical services. The funds are derived by the state from surcharges on various traffic violations. No matching funds are required.

## **Fiscal Impact/Funding Source**

A total of approximately \$356,021 of funding is anticipated for fiscal year 2007-08. The new revenue combined with estimated prior-year funds and interest earned, forms the basis for the FY 2007-08 Work Plan amount of \$1,181,563. This amount includes \$356,021 in new revenue expected from the State, \$793,483 in total estimated revenue carryover balance from FY 2006-07, and \$32,059 in total estimated interest carryover from FY 2006-07. The revenue and interest carryover cash balance is maintained by each fire department. A total of \$2,891,871 was received since FY 2000-01 FY 2006-07 for all the participating fire departments.

MDFR's estimated new allocation of \$200,823, in addition to the estimated revenue carryover and interest from the previous year, will fund eight identified projects as outlined in the department's Grant Work and Expenditure Plans (attached). Projects include the purchase of EMS equipment upgrades, Emergency Medical Technician (EMT) on-duty training, and a paperless system for EMS records.

**Track Record/Monitor**

Performance and financial reports, as described in the FY 2007-08 EMS County Grant Application, will be assembled and forwarded to the Department of Health by MDFR Grants Management Bureau. However, the Department of Health agrees to conduct performance and financial compliance audits directly with the municipal fire rescue department responsible for the individual projects. Each Fire Rescue Department is responsible for managing their grant projects, but must submit all changes and required financial and activity reports to the County for final submission to the State EMS office.

**Background**

Miami-Dade Fire Rescue Department has been responsible for the application and distribution process of the State EMS County Grant since 1987. A stipulation of the grant is that municipal fire departments are to apply for and receive funds through their respective county government or county fire department. Members of the five municipal fire departments, as well as MDFR, conduct an annual needs assessment to formulate the Miami-Dade County application. The Director of each fire department reviews and approves the Grant Work and Expenditure Plans included in the final grant application package.

The other fire departments participating on this grant must submit an approved agreement to MDFR in order to receive their portion of the new revenue received from the State. The distribution of grant funds to each participating department is based on the percentage of combined total EMS calls for the calendar year prior to the new grant's fiscal year.
